NOTICE PAPER

NOTICES TABLED ON APRIL 6, 1972

Mr. MacDonald—Reasoned Amendment—That the motion for second reading of Bill 48 intituled “An Act to amend the Retail Sales Tax Act” be amended by deleting all the words after “That”, substituting therefor the words:—this Bill be not now read a second time, in order that it may be withdrawn for redrafting in order not to penalize the small retail merchant by imposing upon him statutory obligations, without compensation, involving financial outlays and expenditure of time and energy, and that in order to reduce administrative problems, consideration be given to compensation being paid on the basis of a flat rate of not less than the average presently received by the small retailer, and that it be paid to each retail outlet, irrespective of its volume of sales.

Mr. Lawlor—Reasoned Amendment—That the motion for second reading of Bill 46, intituled “An Act to Repeal The Logging Tax Act”, be amended by deleting all the words after “That” and substituting therefor the words:—this bill be not now read a second time in order that: (1) The government consider its basic policy with respect to natural resource taxation, and in particular respecting the structure of taxation in the area of Forestry Resources. (2) With the elimination of the Logging Tax Act, what has been a source of substantial revenue in past years is being abolished without comparable alternative benefits being conferred on the Consolidated Revenue Fund, in a manner set out in the Recommendation of the Ontario Committee on Taxation or otherwise, and any responsible government ought to pause before such a situation. (3) Further consideration be given to expanding the revenue yield from this natural resource, which is in a continual process of decline, by revising the Crown dues concept, or by proceeding on a tenure principle, which will effectively increase the said yield; or, at the very least, place in some balance the expenditures of the Provincial Government on reforestation and fire protection services against the income derivable from this source. (4) Some profound thought be given to the principle of “economic rent” as outlined cursorily by the said Committee and by the Select Committee on Taxation, as the fundament upon which to guide taxation policy in this area of our partially renewable resources.

PRIVATE MEMBER'S NOTICE TABLED ON APRIL 6, 1972

(*Private Members' Motions will be published on the Notice Paper each Monday*)

6. *Mr. Eaton*—Resolution—That in the opinion of this House, the right to vote on farm marketing plans and take office as a director on a farm marketing board should be limited to those producers who have sold a minimum of \$1,000.00 worth of the produce to be regulated under the

marketing plan, in a period of the twelve months previous to a vote regarding the regulating of the product or to an election of directors to the board, and show proof of same.

NOTICE PAPER

NOTICES TABLED ON APRIL 6, 1972

Mr. MacDonald—Reasoned Amendment—That the motion for second reading of Bill 48 intituled “An Act to amend the Retail Sales Tax Act” be amended by deleting all the words after “That”, substituting therefor the words:—this Bill be not now read a second time, in order that it may be withdrawn for redrafting in order not to penalize the small retail merchant by imposing upon him statutory obligations, without compensation, involving financial outlays and expenditure of time and energy; and that in order to reduce administrative problems, consideration be given to compensation being paid on the basis of a flat rate of not less than the average presently received by the small retailer, and that it be paid to each retail outlet, irrespective of its volume of sales.

Mr. Lawlor—Reasoned Amendment—That the motion for second reading of Bill 46, intituled “An Act to Repeal The Logging Tax Act”, be amended by deleting all the words after “That” and substituting therefor the words:—this bill be not now read a second time in order that: (1) The government consider its basic policy with respect to natural resource taxation, and in particular respecting the structure of taxation in the area of Forestry Resources. (2) With the elimination of the Logging Tax Act, what has been a source of substantial revenue in past years is being abolished without comparable alternative benefits being conferred on the Consolidated Revenue Fund, in a manner set out in the Recommendation of the Ontario Committee on Taxation or otherwise, and any responsible government ought to pause before such a situation. (3) Further consideration be given to expanding the revenue yield from this natural resource, which is in a continual process of decline, by revising the Crown dues concept, or by proceeding on a tenure principle, which will effectively increase the said yield; or, at the very least, place in some balance the expenditures of the Provincial Government on reforestation and fire protection services against the income derivable from this source. (4) Some profound thought be given to the principle of “economic rent” as outlined cursorily by the said Committee and by the Select Committee on Taxation, as the fundamental upon which to guide taxation policy in this area of our partially renewable resources.

PRIVATE MEMBERS' MOTIONS

1. *Mrs. Scrivener*—Resolution—That in the opinion of this House, the Great Hall of Union Station should be maintained in its present location as an historic site, and that the Government of Ontario should ensure its preservation as an integral part of the Metro Centre Project.

2. *Mr. Deacon*—Resolution—That municipalities, upon adoption of market value assessment, be given the right to apply a factor to assessment by class to enable them to restore the traditional balance of taxation as between classes.
3. *Mr. Haggerty*—Resolution—That the Government of Ontario initiate a program to obtain by purchase or otherwise for the public purposes of Ontario all land not now owned or held for public purposes between the edge of the water and the high water mark of any navigable body of water.

5. *Mr. Stokes*—Resolution—That the government should set up a Commission of Inquiry to examine the pricing practices of Ontario manufacturers, wholesalers and retailers to determine if any price discrimination is practised against northern residents; and also to study the tariffs of all transportation carriers serving the north to assess their fairness to northern people, with a view to suggesting policies which will bring about an equalization of prices and standards of living and provision of services for all residents of Ontario.
6. *Mr. Eaton*—Resolution—That in the opinion of this House, the right to vote on farm marketing plans and take office as a director on a farm marketing board should be limited to those producers who have sold a minimum of \$1,000.00 worth of the produce to be regulated under the marketing plan, in a period of the twelve months previous to a vote regarding the regulating of the product or to an election of directors to the board, and show proof of same.

GOVERNMENT NOTICE OF MOTION

3. *Mr. Davis*—Resolution—That, for the purpose of its enquiry into the Workmen's Compensation Board only, the Standing Resources Development Committee be empowered to engage counsel to assist the Chairman and Members of the Committee in the enquiry, including the questioning of witnesses, and that persons whose interests may be affected by the enquiry, be allowed counsel to advise and assist them, which counsel may question witnessess only through the Committee counsel; also, that for the duration of this enquiry the Committee be authorized to sit concurrently with the House and have its proceedings recorded and transcribed by the Hansard Office.
-

PRIVATE MEMBERS' NOTICES OF MOTION

(Private Members' Notices of Motion, other than for amendments to Government Orders, will be published on the Notice Paper each Monday.)

7. *Mr. MacDonald*—Reasoned Amendment—That the motion for second reading of Bill 48 intituled “An Act to amend the Retail Sales Tax Act” be amended by deleting all the words after “That”, substituting therefor the words:—this Bill be not now read a second time, in order that it may be withdrawn for redrafting in order not to penalize the small retail merchant by imposing upon him statutory obligations, without compensation, involving financial outlays and expenditure of time and energy; and that in order to reduce administrative problems, consideration be given to compensation being paid on the basis of a flat rate of not less than the average presently received by the small retailer, and that it be paid to each retail outlet, irrespective of its volume of sales.
-
8. *Mr. Lawlor*—Reasoned Amendment—That the motion for second reading of Bill 46, intituled “An Act to Repeal The Logging Tax Act”, be amended by deleting all the words after “That” and substituting therefor the words:—this bill be not now read a second time in order that: (1) The government consider its basic policy with respect to natural resource taxation, and in particular respecting the structure of taxation in the area of Forestry Resources. (2) With the elimination of the Logging Tax Act, what has been a source of substantial revenue in past years is being abolished without comparable alternative benefits being conferred on the Consolidated Revenue Fund, in a manner set out in the Recommendation of the Ontario Committee on Taxation or otherwise, and any responsible government ought to pause before such a situation. (3) Further consideration be given to expanding the revenue yield from this natural resource, which is in a continual process of decline, by revising the Crown dues concept, or by proceeding on a tenure

principle, which will effectively increase the said yield; or, at the very least, place in some balance the expenditures of the Provincial Government on reforestation and fire protection services against the income derivable from this source. (4) Some profound thought be given to the principle of "economic rent" as outlined cursorily by the said Committee and by the Select Committee on Taxation, as the fundament upon which to guide taxation policy in this area of our partially renewable resources.

What has been the cost to the taxpayer, provincial and federal, during the period referred to in question #2. 4. Does the Ministry have a policy concerning the exploitation of a paid professional association by an individual with a university as a means of subsidizing extra-curricular activities, such as writing newspaper articles, organizing political groups, assuming political candidacy for a political party, and so on, when such activities become almost a fulltime occupation and appear unrelated to the need for maintenance of the professional standards and knowledge of the individuals concerned.

13. *Mr. Martel*—Enquiry of the Ministry—A. In view of the fact that the Ministry of Community and Social Services allowed for \$100,000 for demonstration projects in 1971-72, would the Minister list the projects which received the grants. B. In view of the fact that there is \$600,000 for 1972-73 in the Estimates of the Department, what groups have received approval for a grant or grants up to the present time. C. What are the guidelines to obtain such a grant. D. Where are these guidelines published.
14. *Mrs. Scrivener*—Enquiry of the Ministry—Are Professor Melville Watkins, who teaches at the University of Toronto, and Professor James Laxer, who teaches at York University, on the fulltime teaching staff of Toronto and York Universities, and if so, how much does it cost the taxpayers of Ontario in terms of the salaries they receive to maintain them in these positions. Does the Ministry have a policy concerning the exploitation of a paid professional association by an individual with a university as a means of subsidizing extra-curricular activities, such as writing newspaper articles, organizing political groups, assuming political candidacy for a political party, and so on, when such activities become almost a fulltime occupation and appear unrelated to the need for maintenance of the professional standards and knowledge of the individuals concerned.
15. *Mr. MacDonald*—Enquiry of the Ministry—To what municipalities and in what amounts, was the \$10 million job-creation home improvement program apportioned during the past winter.
16. *Mr. Burr*—Enquiry of the Ministry—Regarding the provincial enumeration of this spring, now abandoned:—1. How much did this wasted enumeration cost. 2. How are the enumerators chosen. 3. Approximately how much did these enumerators cost the federal government because of U.I. expenditures for which they became eligible as a result of this artificial employment. 4. Approximately how much would the provincial government save in student grants and loans if provincial enumeration work were scheduled for the summer and students used as enumerators. 5. Approximately how much would the provincial government save in welfare payments if the provincial enumeration work were given to qualified persons who would otherwise be receiving public assistance.
